Re: 2007 Harbor Improvements – Pay Request for Materials Stored

Scott: I am in receipt of your request for payment for materials stored for the referenced project. The stored materials are the sheet piling for the "low level" dock facility, as provided by L.B. Foster. The materials are stored at Boyer Logistics/Barge, which I assume is a bonded and secure facility. The requested amount of \$322,862.28 is approved. With the standard 10% retainage (re: Article 5 of the Agreement), the actual payment amount is \$290,576.05

Please contact me if you have any questions or comments.
